LETTER FROM BODYWORKS, INC.

Wednesday, June 1st, 2011, 5:00 p.m. ET

Dear Residents of Stokes and Forsyth communities:

I wanted to take a moment to express Bodywork's sincere appreciation in being able to work closely with many people including health care providers, and community organizations in the last 6 years in providing physical therapy and health/wellness services. It has been an honor and a pleasure to work with some many individuals in the community who have been inspirational and supportive to help my patients achieve their fullest rehab potential and health. I have learned many things from my patients and the community while serving them here in King, and the surrounding areas.

However, it is with deepest regret that BodyWorks will be closing its insurance-based physical therapy services in our practice and will no longer be accepting any new patients that have private insurance and Medicare. We will be closing our office officially on August 31st, 2011. BodyWorks will now be focusing on our Wellness/Post-Rehab programs, Consulting Services, and Private-pay Therapy Services only including the mobile services at this time. This has been a very difficult decision for BodyWorks to make this change in business practice but we believe that this is the direction that will help us grow in another direction in health care services.

At this time, I will be focusing on other professional endeavors, completing some professional certifications, as well as the restructuring of BodyWorks this summer. We plan to continue to have an active involvement within the community and its neighbors in providing a holistic approach in Wellness/Preventative Care and assist in community projects in Stokes and Forsyth counties.

After August 31st, 2011, I can be contacted at (336) 918-7476 and my email address will continue to be: bodyworks1@windstream.net and mailing address: P.O. Box 1346, King,

NC 27021. My website and Face book pages will also remain the same as well.

Thank you again from all of you in the community for your support and for allowing me to share in many positive and professional experiences. I look forward in working with all of you again in the near future.

Best Regards,

Kathleen M. Anderson, PT, CCS, CPT
